

Michigan State Police launches K2 education and enforcement campaign – DHS offices to post fliers for clients, staff

Effective July 1, 2012, it will be illegal to buy, sell, or use K2 and other synthetic drugs.

The Michigan State Police (MSP) is spearheading an education and enforcement campaign to spread the word, which includes disseminating [this flier](#) to retailers, state agencies and other organizations. DHS offices are to post the flier in locations where it can be viewed by both clients and staff.

The MSP also has established a toll-free tip line for reporting persons suspected of selling K2 and other synthetic drugs. The number is 855-MICH-TIP (855-642-4847). Information can also be found online at www.michigan.gov/DesignerDrugs.

Thanks in advance for your assistance in promoting the important message that "K2 is NOT OK."
